
AMSTRAD
SHARK
PLAYERS
PREMIER

FIRE FISH HQ, have lost contact with the undersea mining complex, Atlantic Five. We believe our arch enemies THE SNAKE BROTHERS and their reptilian henchmen have over-run the top secret installation.

Our only hope is the SHARK, a futuristic submersible, equipped with a devastating payload of destructive weaponry.

SPECTRUM SCREENS

Suitable for:
ALL AMSTRAD CPC MACHINES

OUT NOW

TASKFORCE

Mercenaries led by Snide Gantree have over-run a top-secret South-Pacific Airforce base. In less than five hours, Snides men will have hacked the targeting computers controlling the bases cruise-missiles. Our only hope is to send in The Taskforce, a state-of-the-art, jet-fighter, bristling with superior fire power. Features include, exciting sub-game, 128k music, stunning sound effects and up to 30 sprites on screen, animated backdrops and ground defences.

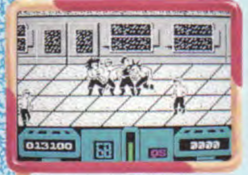

Out now on Spectrum.
Out Soon on C64 & Amstrad.
Code by Sonja Knight.
Graphics by Richard Beston.

OUT NOW

SUBWAY VIGILANTE
The London Underground has degenerated into a battleground. Opposing gangs of punks, pushers, dealers and muggers fight for supremacy over the city's key stations.

STREET CRED' FOOTBALL
An excellent five a side soccer simulation. SCF features great sound effects, 128K music and great footy action.
Special guest appearance by Joe Blade.

STREET CRED' BOXING
Joe Lebrinski's famous lower-East-side boxing gym is under threat. He needs $50,000 to save the building from a consortium of evil yuppie executives.

PLAYERS PREMIER
WANTS YOU!

Players Premier is a new label specialising in premium quality recreational software for all the popular home computers. We require top machine code programmers, artists and computer musicians to work on original titles, conversion projects, or to complete work in accordance to a design brief.
